This league is designed for your children to learn skills needed to be able to play in a live game. They will learn proper dribbling, shooting, passing, defense, and communication skills for their age group/skill level. Over the course of this league, you should see noticeable progression in your child's skills. We are here to create a strong basketball foundation for your child to build on. We are all about sportsmanship, getting better, and most importantly having fun.
